Subject: Meeting with MMSD on Milorganite

Chris – thank you for taking the time to talk this morning. We are sending a follow-up letter to Dean Maraldo(cc'd) with some additional steps we have taken since the EPA's field inspection and my last letter to you. I hope you have this correspondence by next Friday.

I would then like to schedule a time for my technical staff and me to come to Chicago to discuss this issue prior to you issuing any formal response. Please let me know if any of the dates below work for you and the rest of EPA attendees.

Thank you!
